**NOTICE OF APPLICATION FOR
SHARED WINTER STREETS AND SPACES GRANT**

The Paxton Department of Public Works is applying for the Shared Streets and Spaces Grant, as offered by the Massachusetts Department of Transportation.

If awarded, Paxton DPW would purchase a tow-behind speed alert radar messaging sign that the Department would utilize at road construction sites to improve worker and motorist safety within work zones, especially within high-traffic areas such as Grove Street, Pleasant Street, Richards Avenue and West Street.

Any residents who wish to learn more about this proposed project, or offer feedback are encouraged to contact the Paxton DPW at (508) 753-9077 or tthibault@townofpaxton.net.

Sincerely,

Travis Thibault
Director of Public Works
