

Attendees:

Jeff Cormier, Christina Cormier, Heather Larson, Diane McMorrow, Travis Thibeault,, Jeremy Riches

Meeting called to order at 7:00 pm

[illegible]

Follow-up Discussion:

The committee discussed and brainstormed ideas for moving forward, including:

- Recreation can solicit donations. Country Bank donated for the Bandstand in 2012. We could reach out to them.
- Suggestion made to reach out to Sterling Greenery
- Jeremy Riches shared that replacing has to meet the current standard and that we can no longer have wooden poles.
- The \$80,000 approved at Town Meeting has to be used for lighting. Could possibly be used for Wentworth Field or for basketball court though. If lights were installed in another location, town baseball games would be played during the day only. Sterling baseball currently does this.
- Raising fees for Recreation programs and PLL to generate funding
- Could the PMLD install the lights?

No final decisions made. Discussion to continue at August meeting.

Jeff made a motion to approve the June meeting minutes.

Jeff will follow-up with Country Bank and Sterling Greenery for possible donations and report back at next meeting.

Jeff will reach out to President of PLL to further discuss.

Pole height might be too tall for Light Dept. to install

Heather seconded the motion. All members in favor and motion passed

Meeting Adjourned at 7:36 pm
