## COST OF PLANT

Cost of Line Transformer and Installation	\$2,057 66
Cost of Structures	293 44
Cost of Transformer Station and Substation equipment	690 00
Cost of Poles, Fixtures and Overhead Conductors	11,292 01

Cost of Consumer's Meters and Installation	1,330 63
Cost of Street Lighting Equipment	447 89
Cost of Laboratory Equipment	72 50

Total cost of Plant as shown by the books \$16,184 13

Depreciation for 1926 is 3% of cost of Plant or \$485 52

The Electric Light Department has added 20 new consumers to the Plant in 1925.

We wish to call the attention of the citizens that of the \$1,216.43 cash on hand, as shown, \$270.40 was received for one-half interest on the poles on the Barre Road and \$325.38 was received for one-half interest on poles in various parts of the town that had never been bought by the New England Telephone and Telegraph Company, but which they were already using.

The above amount received from the Telephone Company we intend to use for installing lightning arresters.

We have added 9,712 feet of Commercial and Line and 1,200 feet of Street Line during the year.

We have replaced one old street fixture with a new one and have in stock two more to replace other old fixtures.

Respectfully submitted,

ROY M. WENTWORTH, Manager.

## Report of Board of Health

The board was organized February 12 with Dr. Wm. L. Shipman, chairman, and Dr. Errold V. Mills appointed agent February 26.

Two dogs were ordered killed by Board of Health and Boston authorities pronounced both cases of Rabies. One of the dogs owned by Niemiela had bitten or scratched Mrs. John W. Bishop and Mr. Niemiela's boy. The Pasteur treatment was successfully given the latter by Dr. E. N. Mills.

The board adopted the State Standard Regulations for Boards of Health to control contagious diseases, copies of which will be given every family in town. We need your help to guard the health of Paxton school children.

WM. L. SHIPMAN,  
LEWIS B. CURTISS,  
FRED E. LADD,

Paxton Board of Health.

## Report of Trustees of the Free Public Library

The number of books issued at the Library during the year was twenty-three hundred (2300) ; the number of patrons one hundred eighty.

There have been added during the year, by purchase 30 volumes, from the Free Public Library Commission.

We beg to acknowledge donations from Miss Emerson, Mrs. Crocker and Mrs. Hallet.

Travelling Library 122 was sent to Boston, The Woman's Education Association having given it up.

In all probability this is the last report the Trustees of the Paxton Free Public Library will ever tender to the town as the town has voted to turn over the present library to The Richards' Memorial Library as soon as that institution is ready for occupancy.

Respectfully submitted,

HERBERT S. ROBINSON,

Trustee

## Fire Report of Paxton Fire Department for Year 1925

We, the undersigned, Engineers of the Paxton Fire Department, do hereby respectfully submit the following record of fires for the year ending December 31, 1925.

Feb. 22—Chimney fire in house owned and occupied by William Wylie, Worcester Road. Fire truck responded and two hand chemicals were used.

March 18—Grass fire on land formerly owned by Ernest V. Hoyt. Fire truck responded and fire was extinguished with steel brushes.

March 20—Grass fire on property owned by Joseph Muir, known as the Magoon Place. Fire truck responded, but found fire out on arrival.

April 3—Brush fire in woodlot owned by John McHale, West Road. On duty one hour, five chemicals used and eight men responded.

April 3—Grass and brush fire on the property of Samuel Van Wyck. Prompt action of the department saved a possible bad loss of standing timber. The blaze was put out with steel brushes. On duty one hour, six men responded.

April 28—Brush fire on Barre Road in Rutland. Five men responded, on duty one hour.

Aug. 29—Brush fire on property owned by Walbridge, Worcester Road. Twenty-five men responded and six chemicals used. On duty one hour.

Sept. 13—Barn on Pepin Farm, Worcester Road. Barn burned to ground. Twenty-five men responded. On duty two hours.

Dec. 17—Grass fire on land owned by Frank Ford, Main Street. Ten chemicals used, on duty one and a half hours. No damage.

### SUMMARY

No. of miles scraped	26
No of miles dragged	15
No. of miles of brush cut	8
30 feet of 12-inch corrugated pipe laid	
50 feet of 18-inch corrugated pipe laid	
36 feet of 24-inch corrugated pipe laid	
60 feet of 48-inch pipe laid	
725 cubic yards of gravel hauled	
75 cubic yards of ledge removed.	
Basins, culverts and waterways cleaned.	

## REMARKS

Spring work was delayed somewhat by the illness of the Superintendent and the inexperience of the temporary foreman in dealing with the conditions of the roads at this time of the year. The question of getting gravel for the roads has become serious; long hauls making the cost high. A great deal of gravel will be required to remedy many bad mudholes as most of the roads are clayey and without natural drainage.

# Report of the Superintendent of Schools

Holden, Mass., Jan. 1, 1926.

To the School Committee of Paxton:

This report of the work of the schools is the twenty-sixth since the formation of the present union, and the eighth by the present superintendent. Comparison of the following table with that of last year shows an increase of about ten per cent in our membership, most encouraging improvement in attendance, and but one change in the list of teachers.

## SCHOOL STATISTICS, 1924-1925

School	Teacher	Training	Total Mem.	Ave. Mem.	Ave. At.	Per Cent
Grammar	Charles A. Bowes	Mass. Agr'l Col.	37	33	30	93
Intermediate	Josephine C. Gould	Worcester N. S.	38	34	33	95
Sec. Primary	Doris H. Barton	Keene N. S.	32	22	21	95
First Primary	Ruth A. Keddie	Hyannis N. S.	26	20	19	93
Totals			133	109	103	94

When schools opened in September we had two new teachers, Mrs. Sadie H. Smith in grades V and VI, and Miss Jessie Maynard in grades I and II. Miss Barton resigned to attend Normal School at Keene, N. H., and Mrs. Keddie to attend the State Normal School at North Adams. We deeply appreciate the excellent work of these two teachers and regret that they did not return, but on the other hand we believe they acted wisely in deciding to carry on their study further, and we wish for them the very best of success. Mr.

Bowes as Principal and Mrs. Gould in grades III and IV are doing good work and we are glad to have them with us for another year.

#### ENROLLMENT, FALL TERM, 1925

Grade	I	II	III	IV	V	VI	VII	VIII	Totals
Boys	12	9	2	6	9	12	6	4	60
Girls	12	9	11	8	7	7	5	4	63
Totals	24	18	13	14	16	19	11	8	123

Instead of having three grades in the Grammar room and the second grade divided, we now have two grades in each room. This makes the Primary room crowded, but allows more time for the upper grades and permits of better preparation for high school. It will not be long before we shall need to divide the Primary room and have a teacher for grade I. At present it is not possible to give this grade as much time as it should have.

#### INCREASE IN ENROLLMENT

Year	1916	1917	1918	1919	1920	1921	1922	1923	1924	1925
Pupils	53	58	67	72	76	88	106	111	117	123

This represents an increase of about 230% in ten years, and points to the need in the near future for more class rooms. The building is so arranged that an addition could be put on in front that would permit of using the present hallways, give two extra class rooms and an assembly hall. It would also provide room in the basement for manual training classes.

#### PROMOTIONS IN JUNE, 1925

Grade	I	II	III	IV	V	VI	VII	VIII	Totals
Promoted	9	9	13	15	15	7	9	7	84
Trial-Special	5	3	1	3	4	4	2	0	22
Repeat	2	0	1	0	0	2	2	0	7

This record is an improvement over last year, and we hope to be able to further reduce the number who repeat grades or have to be rated as special pupils.

# REGISTRATION OF MINORS (Census)

## APRIL 1, 1925

Number of children in Paxton	Boys	Girls	Total
Between 5 and 7 years of age	13	15	28
Between 7 and 14 years of age	52	51	103
Between 14 and 16 years of age	11	8	19
Between 16 and 21 years of age	31	16	47
Illiterates between 16 and 21	0	0	0
Totals	107	90	197

## AGE AND GRADING CHART, APRIL 1, 1925

Age Grade	6	7	8	9	10	11	12	13	14	15	Totals
I	9	5	2	—	—	1	1	—	—	—	18
II	—	8	2	3	1	—	—	—	—	—	14
III	—	—	5	5	4	1	—	—	—	—	15
IV	—	—	1	10	3	3	1	—	—	—	18
V	—	—	—	1	9	4	3	—	—	—	17
VI	—	—	—	—	1	3	6	3	1	—	14
VII	—	—	—	—	—	—	3	6	4	2	15
VIII	—	—	—	—	—	—	—	4	3	1	8
	9	13	10	19	18	12	14	13	8	3	119

The figures in black type represent those children who are in the grades where we normally expect to find children of the ages indicated. The figures at the left of those in black type are considered a little ahead of grade or accelerated. It is apparent that those who are 11 and 12 years old and in grade I are considerably behind grade or retarded.

The action of the Joint Committee in deciding to employ teachers of Music and Drawing and a School Nurse for the four towns of the Union, has made it possible for us to secure this service at much less expense than if we were to employ such teachers and health officers independently. We have secured Miss Helen E. Mills of the Massachusetts Normal Art School for Drawing, Mrs. Frances B. Settle of the American Institute of Normal Methods for Music and Mrs.

Naomi A. Cunningham, a Registered Nurse, for the health work. This is in my judgment, the most important step that has been taken, and gives our boys and girls the same advantages and opportunities that we have in so many other school systems. I ask your special attention to their reports.

Some standardized tests have been given during the year. They are of value in checking up our work and comparing it with that done in other schools. I appreciate the care and attention that our teachers have given to correcting these tests.

I am glad to call attention to the Honor Roll, a great improvement over the record of last year, and one of which we are proud. Our average of 94% is the best we have had for several years and reflects credit on parents and teachers as well as on the pupils. Let us try for a better record next year. The following were perfect in attendance for one year, except as indicated:

Robert Carlson	Austin Nanigian
Marguerite Cote	Aili Niemela (1)
Helen Hughes	Edward Smith
Robert Hughes (1/2)	Mary Trum (1)
Hilji Korvisto	Daniel Woodbury

The following had perfect attendance for one-half year, except as indicated:

Lillian Ahearn (1T)	George MacGovern (1)
Helen Bradshaw	Enoch Nanigian
Arthur Cote	Florence Nanigian
Viola Crouch (1T)	Doris Rossier (T)
Marie Devio	Marjorie Stevens
Wilfred Devio (1T)	Edward Trum
George Difley (1)	Dorothy Turner (1)
Robert Koski	Harold Turner
Lillian Lindquist (1)	Peter Urbanovicz (1)

Stasha Urbanovicz (1½)	Robert Wylie
Herbert Wentworth (T)	William Wylie
Joseph Whitney	

The following had perfect attendance for one and a half years, Mabel Devio; and for two years, Ethel Carlson.

The playground is very much appreciated. A new fence has added to the appearance of the grounds, and a start has been made on the grading. We are now working on the heating problem and expect to have the building comfortable in the coldest weather when the present installation is completed. We have added new music books and new equipment that will make the work more effective and satisfactory. Our thanks are again due to Mr. Johnson for his interest in the building and for the care he takes of all school property. We need some more slate blackboard and in another year the interior should be painted. We have a square piano in one room, but it needs to be replaced by a smaller one, and there should be a small victrola so the large one need not be carried from one floor to the other. Our supplies and text books are adequate for all our needs at present. The complete series of Arlo Publishing Co. readers has been purchased to supplement the basal reading matter.

We all appreciate very much the time and study given to school needs by the Committee, and I want to express my thanks to them and to the teachers for their interest and loyal support.

Respectfully submitted,

JAMES R. CHILDS,  
*Superintendent of Schools.*

## Report of the Supervisor of Drawing

Holden, Mass., Jan. 1, 1926.

To the Superintendent of Schools:

Drawing is being taught in the public schools to help each child appreciate beauty, observe keenly and develop a fair ability to draw from observation, memory and imagination.

With this in mind I have outlined my work in the grades in this way: September and October were devoted to Representation. This included drawing from imagination and memory, figure sketching and Nature study. In November we took up principles of Design, following it with problems in Construction during December. We are now to study Color: its theories and practical adaptations to everything. Lettering will then precede Poster-making. One month will be given to Picture Study. The rest of the school year will be used for class projects, in which drawing may be correlated with other subjects.

Respectfully submitted,

HELEN E. MILLS,  
Supervisor of Drawing.

## Report of the Supervisor of Music

Holden, Mass., Jan. 1, 1926.

To the Superintendent of Schools:

In the Primary Grades we have had a great many rote songs to provide musical background and to give musical experience to the little people. Folk dances, marching, skipping and hand clapping in time with music, help to develop a sense of rhythm.

The victrola has been used a great deal, with records that are worth while and yet perfectly easy for little folks to understand and enjoy.

In the Intermediate and Grammar Grades we have done a great amount of drill work as well as singing over familiar songs. We have been fortunate enough to have two sets of new books, the third and fourth in The Progressive Series.

The boys and girls are very enthusiastic and are good workers. I use the victrola records as reward for good lessons, so that the pupils may learn to listen intelligently and appreciate the best there is in music. Grades seven and eight have had singing contests which have helped to make each grade do its best.

The teachers have co-operated by following the outlines I have provided, and I wish to express my gratitude to them for their help.

Respectfully submitted,

FRANCES B. SETTLE,  
Supervisor of Music.

## Report of the School Nurse

Holden, Mass., Jan. 1, 1926.

To the Superintendent of Schools:

This report of the School Nurse covers the period from September 8, 1925, to December 31, 1925.

Visits to the Schools	12
Home visits	8
Assisted Dr. Williams examine school children	108
Number of children with enlarged tonsils	39
Number of children with carious teeth	69
Number of children underweight	21

Perhaps this is the first time these figures have been presented to the parents. These conditions will improve I am sure when they realize what a handicap it is for children to suffer from infections due to diseased conditions of the tonsils and decayed teeth. All children are entitled to a good healthy start in life. Let us all strive to do our very best for them.

Standard Regulations in regard to quarantining school children suffering from contagious diseases is very necessary. This will do away with the present confusion on this subject between the parents and teachers.

I wish to thank the teachers and pupils for their friendly co-operation, making my work very pleasant among them.

Respectfully submitted,

NAOMI A. CUNNINGHAM, R. N.,  
School Nurse.

## Warrant
