ANR, Owner, Richard Grensavitch, O Laurel Street (Map 14, Lot 9)

Richard Grensavitch, represented by Steven Balcewicz came before the board to create one new lot for the purpose of building a house for his son, Kenneth Grensavitch. Neil announced he would not partake in discussion of this matter because Kenneth Grensavitch worked for him in the past. Steven Balcewicz brought the plan before the Board, which already contains one lot, with the intention of creating an adjacent lot, with 125 ft of frontage and 1.9 acres under the 4.4.4. irregular lot factor. D.B. stated that it's not an irregular lot, which needs to have more than four sides. The lot needs 200 ft of frontage. S.B. asked if he created an additional lot line if they could meet approval with 125 ft of frontage. Richard Grensavitch stated that he had some restrictions to the changes he could make because he wishes to eventually create three additional lots from the remaining land. D.B. stated that he would need to come back with a revised plan for approval. The Board discussed changes that could be made within the plan in order for the lot to meet the zoning by-law.
